

Dear FCC,

I am opposed to any action which would adversely impact the transmission or operation of K-LOVE radio. I used to think that Christian music and news broadcasting did not offer that much, however, I have seen the encouragement that my wife, children, and others in our local community have derived from K-LOVE broadcasting. I hope that you will not allow a LPFM broadcaster to displace the existing services of K-LOVE and similar broadcasters. I appreciate your efforts to clean up our public airwaves and will keep K-LOVE and other Christian broadcasters on the FM translators that are currently in use. Sincerely, Wayne Sijansky
